

## Aviator Restaurant

At the Aviator Bar and Restaurant we aim to create a comfortable and relaxed atmosphere. Whether you fancy a quick bite, a celebration dinner, a business lunch or just a well deserved drink after a busy day, then the Aviator is the place for you. We aim to serve fresh, well prepared food from a menu that will suit all tastes (and wallets), complimented by our daily specials board. We try to combine the usual favorites with a selection of dishes just that little bit different, created under the supervision of our Head Chef Calum Bruce, who has 24 years of experience to call upon. These are exciting times for Perth Airport. There's just so much going on, it's time you paid us a visit to keep up to date with all the latest happenings.
